		Total	158

I contacted our project manager about our NYSERDA solar grant last Friday and there are no updates to report.

The County and Town Planning Board approved Weltonville Fire Company's site plan review for construction of their new fire house. There are still a few details to be addressed before I issue a Floodplain Development Permit.

The Candor Fire District is establishing an Auxillary Site to house a fire truck for faster response time for the Willseyville area. The fire truck will be located at the DOT building on Ithaca Road. The other benefit of this is reduced fire insurance rates for residents within five miles of this location.

Respectfully Yours,
Code Enforcement Officer
James Douglas
