NYSERDA solar grant,

We had a final inspection by our grant case manager June 9th and all went well. I filled out a certificate of completion and we will hopefully receive a check soon. Suretemp has done a great job with the buy American clause fix. The system is functioning great. We were using stored energy today to help heat the building!

Buildings & Grounds;

We are having some control issues with our HVAC at the Town Hall. Still working with Suretemp to find a long term solution.
